ND vs SD Nonfederal Spending

OUR KEY POINTS

- North Dakota has a tremendous amount of sustainable revenue. The problem is that instead of providing REAL tax relief, our elected officials are spending like drunken sailors.
- We can end property tax without raising ANY taxes to replaces what is currently levied.
- NO services will be lost. **Not a single dollar in funding to cities and counties is lost.**
- Cities & Counties will retain FULL control.
- You will keep what you are now paying in property taxes, year after year, to spend as you see fit.
