

VOTE YES ON #4

It's time for the people of North Dakota to take control!

- ✓ **PROVIDE REAL TAX RELIEF**
- ✓ **KICKSTART OUR ECONOMY**
- ✓ **BUILD A BETTER FUTURE**

EndPropertyTax.com

OUR KEY POINTS:

- ND has enough revenue. The problem is that instead of providing tax relief, the legislature is spending like drunken sailors.
- We can end property tax without raising ANY taxes to replace what is currently levied.
- NO services will be lost. **Not a single dollar in funding to cities and counties is lost.**
- Cities & Counties will retain FULL control.
- You will keep what you are now paying in property taxes, year after year, to spend as you see fit.
